*Tayyibah Girls School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.*

## **HOMEWORK POLICY**

**A homework policy is a partnership agreement between the school, the pupil and the parent/guardian. Therefore in developing this, it is important that the school lays out its expectations and ensures parents/guardians are clear about what these expectations are.** Homework is an essential part of our school approach to helping students learn, think and work effectively.

### **Purposes**

- Encouraging pupils to develop the skills, confidence and motivation needed to study effectively as independent learners.
- Consolidating and reinforcing understanding, skills and attributes developed at school.
- Extending school learning through a range of learning activities sustainable in and beyond the classroom environment.
- Encouraging and sustaining the involvement of parents', carers and other adults in the management of pupils learning

### **Amount and types of Homework**

Regular homework should be set relating to the topic being taught in class. Too much and unnecessary homework is to be avoided.

- Teachers are responsible for ensuring that homework is set and marked regularly.
- Activities set should be varied and might include reading, investigating, research, preparing a presentation or problem solving.
- All pupils are expected to complete their homework, no matter what their level of ability.

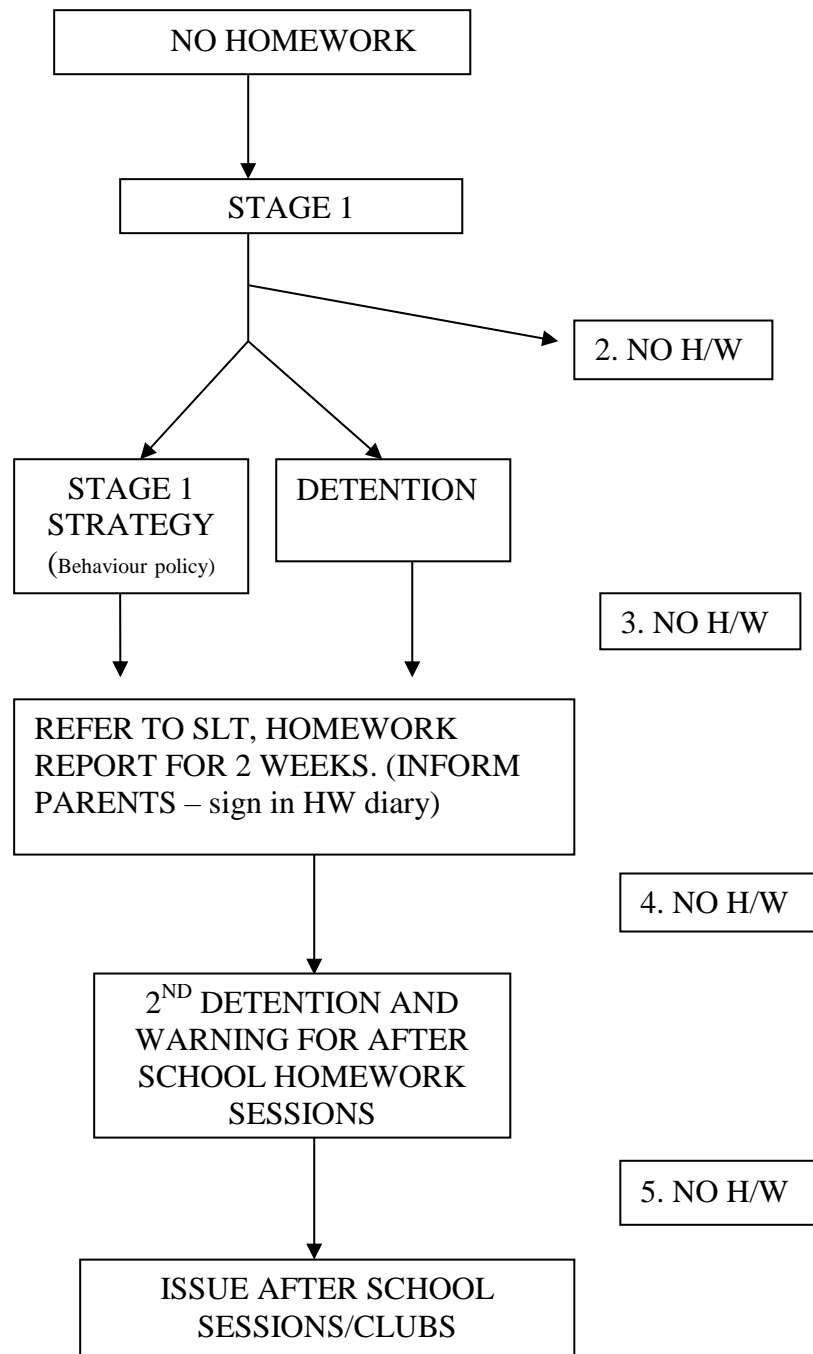

### **Marking Homework**

Homework should be marked, checked and returned to pupils in accordance with the school marking and assessment policy.

### **Procedures for pupils not doing homework**

Homework is compulsory for all students. If a pupil fails to do homework teachers should use the procedures laid out in the flow chart below:

## Flow chart for No Homework

If after the second detention a student continues to fail in completing HW, she should be enrolled for mandatory after school homework sessions. Parents will be informed of the sessions and cost in advance.

## Homework Policy Addendums: September 2020

At TGS we understand that students have been away from the classroom and their normal way of learning for some time, we also acknowledge some students will require more assistance and time than others to adjust back into the school routine. However, we also believe homework is an important step in reinforcing their learning. Therefore, homework will be set regularly and students will be expected to complete it in the set time.

Teacher will set reasonable amount of homework, bearing in mind students have been away from the classroom for some time, student's ability and circumstances will also be taken in to consideration.

Staff will be present to help students with any difficulties they face in completing their homework, if students feel they are unable to complete their homework they may request an extension from the relevant teacher.

However, if a student does not respond to the assistance offered and the teacher exhausted all other methods of assistance then the following discipline procedure will be implemented:

On the first instance a verbal warning will be issued and an extension will be granted.

On the second instance another verbal warning will be issued and another extension will be granted.

On the third instance teacher will inform parents of the number of incomplete pieces of homework via Google Classroom or Bromcom and follow it up with a phonecall.

If a student still fails to complete her homework, teacher should refer the matter to [pastoral](#) (Ms [Safia](#)), who will take appropriate action.

All detentions and homework reports have been suspended until further notice.
